These amendments will be effective upon Board approval or date of execution, whichever occurs later, for FY 2006-07, and are fully funded by Mental Health Services Act (MHSA) - Community Services and Supports (CSS) Plan funds and Federal Financial Participation (FFP) Medi-Cal revenue.

"To Enrich Lives Through Effective And Caring Service"

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

The purpose of the requested actions is to amend Agreements with these three (3) existing providers selected to receive MHSA funding under Request for Services (RFS) No. 5, "Adult Institutions for Mental Diseases (IMD) Step-Down Facilities," and RFS No. 6, "Enriched Residential Services" in order to maintain and expand capacity of intensive residential resources.

The DMH MHSA CSS Plan, approved by your Board and the State Department of Mental Health, included MHSA annual funding of \$1.9 million for IMD Step-Down Facilities and \$1.07 million for Enriched Residential Services to expand intensive mental health services in a range of living situations including licensed Adult Residential Facilities, assisted living programs and congregate housing, or other independent living situations. These programs will support persons being discharged from IMDs, acute psychiatric inpatient units, or higher level intensive residential facilities, or those who are at risk of being placed in these higher levels of care. The IMD Step-Down Facilities and Enriched Residential Services programs will provide recovery-based intensive and supportive services in community housing. Each individual served will participate in the development of an individualized service plan, focused on recovery and wellness principles that include activities and services that promote successful reintegration into the community.

Implementation of Strategic Goals

The recommended Board actions are consistent with the principles of Countywide Strategic Plan Goal No. 1: "Service Excellence," Goal No. 3: "Organizational Effectiveness," and Goal No. 7: "Health and Mental Health." The IMD Step-Down Facilities and Enriched Residential Services are intended to improve the delivery, efficiency, and effectiveness of intensive mental health services for adults being discharged from higher levels of care to the community.

FISCAL IMPACT/FINANCING

There is no increase in net County cost.

The total cost for FY 2006-07 is \$854,375, consisting of \$742,500 in MHSA funding and \$111,875 in anticipated FFP Medi-Cal revenue, which is included in the Department's FY 2006-07 Adopted Budget. The total cost for FY 2007-08 is \$3,417,500, consisting of \$2,970,000 in MHSA funding and \$447,500 in anticipated FFP Medi-Cal revenue, which will be included in the Department's FY 2007-08 Proposed Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The State-approved MHSA CSS Plan is designed to provide recovery-oriented services for people who are diagnosed with severe and persistent mental illness and linkage to ongoing community services and supports, while reducing homelessness, unnecessary hospitalization, and incarceration. The Plan included IMD Step-Down Facilities and Enriched Residential Services that target individuals in higher levels of care who require on-site mental health and supportive services to transition to stable community placement and prepare for more independent community living. The programs will provide individual and group treatment, medication support, crisis intervention, and targeted case management in selected residential settings. The programs will have 24/7 capacity for emergencies and specialized programming including treatment for co-occurring substance abuse disorders. These programs are components of the Adult and Alternative Crisis Services of the MHSA CSS Plan.

In accordance with the Additional Psychiatric Emergency Services (PES) Relief Plan approved by your Board on July 19, 2005, DMH implemented programs funded by one-time net County cost, to continue to address the overcrowding in the County hospital PES. Gateways Intensive Adult Residential Program was a critical component of the Additional PES Relief Plan that provides intensive residential resources to successfully transition adults from locked placements (including IMDs and County hospital inpatient units) to community settings. The program requires funding to continue to provide the level of service that is not eligible for FFP and is eligible for ongoing MHSA funding.

The attached Amendment format has been approved as to form by County Counsel. The Chief Administrative Office (CAO) has reviewed the proposed actions. Clinical and administrative staff of DMH will continue to administer and supervise the IMD Step-Down Facilities and Enriched Residential Services, evaluate the programs to ensure that quality services are being provided to clients, and ensure that Agreement provisions and Department policies are being followed.

CONTRACTING PROCESS

DMH invited community-based agencies to pre-qualify prior to applying for MHSA funds by submitting a Statement of Qualifications (SOQ) in response to a Request for Statement of Qualifications (RFSQ) open solicitation process. The SOQ process was to ensure that each agency demonstrated a basic level of capability (e.g., financial viability, proof of liability insurance and registration as a County vendor) and for agencies to identify the types of services, age groups to be served, and geographic locations where they want to provide services. If agencies met MHSA requirements,

DMH executed MHSA amendments with current DMH providers and MHSA Agreements with new agencies that placed them on the Department's MHSA Master Agreement List, making them eligible to receive RFS related to their service provision capabilities and interest.

On August 29, 2006, DMH issued RFS No. 5 to 11 qualified bidders and RFS No. 6 to 47 qualified bidders on the Master Agreement List that indicated an interest in providing MHSA CSS Adult and Alternative Crisis Services on their SOQ. Qualified bidders were invited to attend a joint mandatory Proposer's Conference on September 13, 2006. Representatives from seven (7) contract agencies attended the Proposers' Conference for RFS No. 5; representatives from 11 contract agencies attended the Proposers' Conference for RFS No. 6.

By the deadline of October 11, 2006, DMH received three (3) proposals in response to RFS No. 5 and one (1) proposal in response to RFS No. 6. Soon after DMH convened a review panel composed of representatives from the Department of Health Services, Department of Children and Family Services, a consumer, and a DMH District Chief to assess and score the proposals. DMH's Executive Management Team reviewed and finalized recommendations. DMH plans to execute amendments to the Agreements of all bidders who responded to RFS No. 5 and No. 6 as detailed on Attachment II.

IMPACT ON CURRENT SERVICES

Implementation of the IMD Step-Down Facilities and Enriched Residential Services programs is anticipated to improve the efficiency and effectiveness of mental health operations. These programs will assist clients from acute inpatient and institutional settings to be safely maintained in the community with mental health services. These programs will reduce the need for emergency and institutional care and promote successful community reintegration.

MODE	SERVICE FUNCTION CODE (SFC)*	ALLOWABLE ONE-TIME	JUSTIFICATION	EVALUATE APPROVAL/DENIAL
One-Time allocations will be made to agencies awarded IMD Step-down Facilities and/or Enriched Residential Services contracts. These funds must be spent by June 30, 2007, and are limited to the following two (2) types of expenditures: Client Support (Mode 60 SFC 72) and Non-Medi-Cal Capital Assets (Mode 60 SFCs 75 & 78).				
60: Support Services	72: Client Flexible Support Expenditures	Provide supports to clients prior to their enrollment into a IMD Step-down Facilities and/or Enriched Residential Services program. Allowable costs may include vouchers, goods, items for daily living, transportation, etc.	These funds will be available to pre-enrolled consumers during outreach and engagement efforts to assist them with meeting their basic needs prior to IMD Step-down Facilities and/or Enriched Residential Services enrollment.	Allowable expenses will be clearly defined by State, County, and DMH policies and processed through Countywide Resource Management District Chief, IMD Step-down Facilities and/or Enriched Residential Services administrative staff, and DMH Provider Reimbursement.
60: Support Services	75: Non-Medi-Cal Capital Assets	Vehicles	These are field-based programs and programs that require staff to transport clients. Many agencies have policies that staff can only transport clients in an agency vehicle.	Must be pre-approved by the Countywide Resource Management District Chief who will evaluate appropriateness of the type of vehicle and number of vehicles given the size of the IMD Step-down Facilities and/or Enriched Residential Services program.
60: Support Services	78: Other Non-Medi-Cal Client Support Expenditures	Orientation and training of new staff	These expenses will occur prior to the staff person's ability to bill for services.	Evaluate content of the staff trainings to ensure they include domains appropriate for the IMD Step-down Facilities and/or Enriched Residential Services Programs.
60: Support Services	78: Other Non-Medi-Cal Client Support Expenditures	Initial lease expenses including cost of cubicles/build-out of space	For those agencies that will be providing services in areas remote from where they currently provide services.	Appropriateness of the location. Does it meet the needs of the Service Area. Must be pre-approved by the Countywide Resource Management District Chief.
60: Support Services	78: Other Non-Medi-Cal Client Support Expenditures	Reconfiguration of existing space	Many of the providers received less slots than anticipated and, therefore, cannot afford to lease new space. They are going to need to reconfigure space/cubicles to accommodate this.	Must be pre-approved by Countywide Resource Management District Chief who will visit site to determine appropriateness of the request given the number of new staff and clients.
60: Support Services	78: Other Non-Medi-Cal Client Support Expenditures	Computer hardware/software and printers	For e-mail, electronic progress notes, and data entry for newly hired staff.	Must be pre-approved by the Countywide Resource Management District Chief who will evaluate the appropriateness of the number of computers given the size of the IMD Step-down Facilities and/or Enriched Residential Services Program.

* Based on the SFCs that were proposed at the State level and discussed at the CHMDA Finance Committee meetings.
